O R D E R:-

The Cabinet salaries committee 1946 recommended that officers under the control of heads of departments should be reorganised so that the relative proportion of Superintendents Upper Division C lerks and Lower Divisions Clerks may accord with the nature of the work done in them as well as to provide a better balance of for upward promotion. The entire clerical staff in the Co-operative Department belonging to the Ministerial Service consists of lower division clerks. The government therefore consider that in order to implement the committees' recommendation all that is necessary is to convert about 35% of the lower division clerks posts in the Registrar's office and 20% of the lower division clerks posts to in the Deputy Registrars' offices into upper division posts. The work usually allotted to an upper division clerk is done in the co-operative offices by Senior Inspectors and Junior Inspectors To introduce a separate category of upper division clerks in order to carry out the recommendation of the committee will therefore throw out of gear the whole organisation of the district offices as well as the headquarters office. The Registrar has proposed that the posts of lower division clerk to be converted into upper division posts may be converted into senior Inspectors posts. But the Government consider that this will not sure the purpose in view as the lower division clerks are are not eligible for promotion directly as Senior Inspectors but as Junior inspectors first and then only a Senior Inspector. In order to give the lower division clerks full benefit of the conversion of lower division clerks post into higher grade His Excellency the Governor of Madras directs that, in addition to the 25% of all vacancies in the category of Junior Inspectors now reserved for lower division clerks.

'1) 4. Lower Division clerks posts in the Registrar office and 21 L.d. clerks posts in the Deputy Registrars' offices be converted into Junior Inspectors posts and

A.T.O.

(2) that all vacancies in the Junior Inspectors posts in the Registrars and Deputy Registrars offices be reserved to be filled by promotion of lower division clerks.

This arrangement will not interfere with the interchange of Junior Inspectors from offices to executive duty and vice-versa as only the number of posts of Junior Inspectors sanctioned for these officer will be reserved for lower division clerks.

2. The Registrar of Co-operative Societies is requested to submit necessary amendments to the Madras Co-operative Subordinate Service Rules.
